ENGLISH'S-THE 'SQUIRE OF LEEDSVILLE. Mr. Gus Williams presented his new play. "The Squire of Leedsville," at English's Operahouse last night to an audience of good size. It is searcely the equal as a play of Mr. Williams's other piece, "Keppler's Fortunes," but it answers the purpose for which it was intended by furnishing the star ample opportunity to introduce his original songs and specialties. The music introduced incidentally is of Mr. Williams's own composition and is catchy and pleasing, as evidenced by the repeated encores accorded by last night's audience. The company is new to the play, and Miss Elma was under the additional disadvantage of being seriously ill; nevertheless the play was well received and was evidently appreciated. Mr. Williams has made very rapid and noticeable progress as an actor since his last appearance in Indianapolis and has risen decidedly above the level of the plays in which he appeared in former years. Two performances—this afternoon and evening—conclude his

bresent engagement. There will be matinees at all the theaters this afternoon and concluding performances to-night of the various attractions. They are, "Held by the Enemy," at the Grand, Gus Williams in " 'Squire of Leedsville" at English's, and Edwin

to be a notable one. The repertoire is as follows: Monday night, "Richard III;" Tuesday, "Hamlet;" Wednesday matinee, "Julius Cæsar;" Wednesday night, "Richelieu." Mr. Keene's company is an unusually strong one, including as it does such capable people as George Learock, Louise Pomeroy and Arthur Elliott. The sale of seats is now in progress at the box-office. The performances at the various theaters tosight will begin half an hour later than usual, so that people can attend after seeing the parade.

CLOSING OF THE STATE FAIR

A Successful and Entertaining Week's Show of Indiana's Great Industries.

Awards of Premiums and Other Matters of Interest Connected with the Winding Up of the Exhibit at the Grounds.

Yesterday was the last day of the State fair, and the attendance was equal to that of Thursday, if not larger. None of the displays had been removed, except a few head of stock, and in no cases had the exhibition been disturbed, although the work of paying premiums was begun early in the morning and kept up until a late hour last night. Aside from the races no other special attractions drew the people aside from the general displays and the saun tering crowds amused themselves as was their wont. Everything began to assume the air of a closing exposition as, about 4 o'clock, people began to take their parting look at the exhibits, and bid a farewell to this year's fair. Peanut and candy venders reduced the prices of their articles to meet with a ready tale, and side-show men began to loosen the ropes of their canvas awnings and take down the gaudy pictures of the famous fat woman and wild man, preparatory to folding their tents and silently stealing away for more rustics to conquer. By the laws of the associa tion 6 o'clock was's signal of permission to remove exhibited articles, and not much time was consumed by owners in beginning their work. The entry-rooms were crowded with the fortunate ones who had premium money to collect, and as each presented some overwhelming excuse why his demands were the most urgent, he was informed that all he could do would be to stand aside and await his turn. All premiums had been awarded, and aside from the collecting of prize money and the packing up of articles,

everything was quiet. Premiums on the public school exhibit, where competed for, were all awarded to the Indianapolis High-school, with the exception of specimens of printing, awarded to the Indianapolis W. C. T. U., and kindergarten work, Mrs. E. A.

There were but two races, the stallion trot, purse, \$200, and the 2:50 pace, purse \$200, the stake trot for two-year-olds, purse \$100, being declared off. The amphitheater was well packed long before the races were called, and great interest was manifested throughout the known to the Y. M. C. A. entire programme. In the stallion trot the starters were Mikegan, owned by C. N. Dickerson, Edinburg; Billy Worthington, owned by J. P. Farley, Rushville; Frank H., owned by J. L. Johnson, Rushville, and Stewart Mack, owned | and John Hall, were arrested at the depot last

by James Hazelton, city. It was an easy finish for Mikegan, Stewart Mack taking second money and Billy Worthington third. Summary:

In the 2:50 pace there were six starters: Gray Tobe, Irms S., Jay Wood, Lens Willets, Angel and Carl Bayer. It was a most quiet race in the start, Carl Bayer, Jay Wood and Gray Tobe being at once distanced in the first half heat, and in the third, Irms S. suffered the same fate. This narrowed the contest between Lena Willets and C. Angel, both of which were strongly urged by their drivers. The only accident that has occurred on the track during the week happened in the third heat, resulting in the lestruction of Lena Willets's sulky and badly bruising the horse, valued at \$3,000. It was a piece of careless on the part of the driver of Irma S., who forced her to the fence. The judges took side with Lena Willets and inflicted a fine of \$100 upon the driver of Irma S. Summary:

During the settlement of the difficulty between the driver of Lena Willets and Irma S., before the judges' stand, some individual started the cry of "Fire under the amphitheater. and as a natural result the place was almost immediately vacated. Although among the 3,000 people seated under its roof there were hundreds of ladies, no serious injuries resulted from the panic. Gradually the crowds upon the grounds began to decrease in numbers until by 8 o'clock few besides the exhibitors and managers were left. The week has been a most successful one for all parties concerned, and the fair is generally pronounced, a grand success.

Although no definite figure could be fixed upon the gate receipts up to a late hour last night, it was thought they would reach \$20,000.

The Old Reliable Moline Wagon, "Kansas or Bust" was never inscribed by any party of movers who went West in a Moline wagon. Possession of this famous wagon at once indicates that the owner is a thrifty, wideswake farmer, who knows a good thing when

The display of the vehicles made by the Moline Wagon Company was the best on the ground, comprising farm, freight and spring wagons, "Sundowns," four-spring mountain wagons, etc. These vehicles are yielded the palm for superior quality, finish and lightness of draft. Over one hundred thousand farmers and teamsters throughout the great West are using them, and the output of the company is

onstantiv lucressing. This company is always represented by business men who never fail to satisfy purchasers of their vehicles in every respect. Mr. W. B. Brinton, of Tuscola, Ill., agent for Indiana and Illinois, who has a wide acquaintance with farmers in these two States, is in charge of the exhibit here. Howland & Johnson, of this city, are the local agents for the Moline.

BUSINESS OF THE SCHOOL BOARD.

Change in List of Teachers and Report as to the Librarian's Resignation.

At the meeting of the School Board, last night, Superintendent Jones was authorized to have printed his report for the preceding year, together with a comparison of the reports of previous years. The finance committee reported that the various expenses incident to the opening of the schools amounted to \$918.72. The committee on teachers submitted the following resignations of teachers: Alice B. Thomas and Helene C. Christ, annex No. 1; Lucy Youse, No. 2; Nora Fisher, No. 7; Ella Lowe, No. 10; Eleanor Loomis, No. 13; May Greene, No. 27; Bertha Steffe, German No. 4; Amanda Kuersteiner, German Nos. 13 and 25. Temporary leaves of absence were granted to Clara Washburn, Ora Edson and Sarah R. Prather. The following transfers of teachers were made: Mary E. Hall, annex 1 to to No. 3; Grace Duzar, No. 1 to No. 11; Ida Andrus, No. 3, to annex 1; Anna Courtney, No. 4 to annex 1; Alice Forsythe, No. 5 to No. 22; Cora Mundelle, No. 6 to No. 4; Louise Rankin, No. 6 to annex 2; Ada Mather, No. 9 to No. 26; Harriet E. Wallace, No. 9 to No. 16; Lib-No. 26; Harriet E. Wallace, No. 9 to No. 10; Libbie E. Nicholson, No. 11 to No. 5; Jessie Fisher, No. 13 to No. 7; Annie Reddington, No. 14 to No. 10; Laura A. Smith, No. 15 to No. 13; Annie Bro-den, No. 22 to No. 13; Anna Haseley, No. 25 to No. 19; Kate Eberhardt, German, 24 and 26 to Nos. 13 and 25. The following assignments had been made from the unassigned list: Nettie Ashbrook, No. 1; Lavinia Goodhart, No. 3; Emily Coffsy, No. 4; Sarah Hyman, No. 6; Garnett Ashbrook, No. 14; Gertrude Thatcher, No. 15; Nellie Baylis, No. 17; Sarah D. Mays, No. 27. The committee recommended the following appointments: Mary B. Knowlton, annex, 1; Frances E. Pyne, No. 2; Mary Collier, No. 6; Jennie M. Raschig, No. 9; Miss Block, German, No. 4; Frances M. Carran, No. 6; Jennie M. Raschig, No. 9; Miss Block, German, No. 4; Frances M. Carran, No. 6; Jennie M. Raschig, No. 9; Miss Block, German, No. 4; Frances M. Carran, No. 2; Ann. 25; Ann. 25; Ann. 25; Ann. 26; Ann. 2 No. 4; Emma Metzner, German, Nos. 24 and 26. The entire report was approved.

The committee on public library was then called and submitted the following report: The committee on public library report that on the Sth inst. W. De M. Hooper offered his resignation as librarian, but that owing to the want of ordinary business methods, under his management, and the unsatisfactory condition of the library in the several departments, we declined to accept his resignation. We recommend that he be dismissed as librairan, for direliction of duty and mismanagement of the library. We have appointed Miss E. G. Browning as acting librarian and Mrs. Florence Newcomer as substitute in the delivery room, to fill the vacancy caused by the absence of Miss Marsee, who has been given a leave of absence.

The committee further reported that the inventory of the library was nearing completion, and would probably be ready to report at next meeting. The report was adopted, after a brief discussion, although Mr. Galvin opposed it both upon the floor and by ballot. He objected to dismissing Mr. Hooper without giving the latter an open investigation, and declared it would be a severe censure upon the

board to take such an action. Mr. Conner favored appointing Miss Marsee as librarian and leaving Miss Browning in the position of assistant, where she has been doing such valuable work. He thought that in the present unsettled condition of the library a librarian and an assistant were both needed. Mr. Greenstreet thought, however, that Miss Browning could attend to the duties of both, and explained that the adoption of the report merely made her acting librarian. The report was adopted, Mr. Galvin alone dissenting. The board then adjourned.

Would Like to See the Flags. Thousands of people have visited the Statehouse this week, and numerous inquiries have been made, it is said, about the Indiana flags carried in the late war by old soldiers. The monumental commissioners have been asked why it is that these flags are not to be seen. One of them said yesterday that he had been explaining matters by saying that the flags were in the hands of the enemy and would remain so until there was a change in the administration. He said, also, that the flags were in a box with its lid nailed down, and in the custody of the State Librarian. An effort will be made to have them placed on exhibition at once.

ABSOLUTELY PURE.

For quick raising, the Royal Baking Powder is superior to all other leavening agents. It is absolutely pure and wholesome and of the highest leavening power. It is always uniform in strength and quality and never fails to make light, sweet, most palatable and nutritive food. Bread, biscuits, muffins, cake, etc., raised with Royal Baking Powder may be eaten hot without distressing results to the most delicate digestive organs. It will keep in any climate without deterioration.

Prof. H. A. Mott, U. S. Government Chemist, after examining officially the principal baking powders of the country, reported:

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that company and the United States Government.

"Because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public.
